Grants matching your search for 2001-02 Tire Product Commercialization Grants (TR25 )

<b>Merced County</b>
----------------------

**Grantee:** Ag Link, Inc.

**Amount Awarded:** \$250,000.00

**Grantee Contact:** Rob Nairn

**Grantee Contact Phone Number:** 209-669-0621

**CalRecycle Grant manager:** Linda Dickinson

**Project Summary:** Ag Link will purchase and install a re-vulcanization molding system to manufacture re-vulcanized, high quality, interlocking mats from all black crumb rubber. This operation will be set up by December 2002 with a goal to mold, sell and ship a minimum of 50,000 mats annually (250,000 PTE) by December 2003. Ag Link will purchase and install the necessary equipment, secure a supply of 12-20 mesh crumb rubber from a California crumb rubber producer, manufacture molded mats and market them through retail outlets such as US Farm System of Tulare. The current demand for molded rubber mats on the west coast is being filled by out-of-state manufacturers. By developing a California facility, not only will Ag Link utilize California tires, it will have a geographical advantage for the west coast markets.

*Total Awarded for County:\$250,000.00*

<b>Grant Count: 1</b>	<b>Grand Total for Selected Counties: \$250,000.00</b>
